Subject: SB-78

I oppose SB-78 and employe you to vote against this bill that will be a detriment to the states biodiversity. We need sustainability for our 440 species of bird life, animal, forests, lakes & streams. We are living in a time when biodiversity and sustainability are threatened by oil drilling, tracking, ancient pipelines running through our entire state. It is time to say NO to those elected officials who threaten Michigan's environment.

Please vote NO.

Thank you,
Micheal And Joanne Cromley
